## Design Quality

Redrow's homes are built to exacting standards. From the distinctive character and architectural quality of the homes we build, to the public spaces and landscaping around them, Redrow believes in all aspects of good quality design. Thanks to improved transport links, enhanced community facilities and open spaces that are easily accessible, you will benefit from a carefully considered environment where you can feel instantly at home.

### At Chestnut Walk you will benefit from:

- ♥ New Heritage Collection homes
- ♥ A selection of 3 & 4 bedroom homes
- ♥ Canal side development close to Bilston town centre
- ♥ Within close proximity of the Black Country route, M6 and M5 motorways

## Environmental Commitment

More than just a house builder, Redrow places great importance on the creation of a total living environment. Our success in initiatives such as the Daily Mail Greenleaf Awards is an indication of the hard work and commitment put into caring for the living space outside as well as inside the home.

We endeavour to design homes using environmentally-friendly materials and Redrow is committed to sustainability of the earth's natural assets. Renewable resources, recycling of waste materials and extensive landscaping are just some of the methods employed to create homes that are good for the planet as well as their owners.

## Community Investment

We recognise that we have a wider role to play in the areas in which we build. That's why we are committed to getting involved in the fabric of the community, supporting the arts, sport and education especially.

Please talk to a member of our Sales Team for more information about Redrow and this development.
