For most of us, buying a family home is the biggest purchase we'll ever make, so choosing the right one is a decision not to be taken lightly. With a wide range of house styles available from Redrow's New Heritage Collection, it's easy to find one to suit you perfectly.

Influenced by the architecture of the Arts and Crafts movement, the exteriors are traditional, with period style features. Venture inside and the homes more than live up to the demands of modern life; with family friendly layouts, kitchens that are well equipped with integrated top brand name appliances, tall cabinets and extra wide drawers that offer plenty of storage; while family bathrooms and en suites enjoy quality fixtures and fittings and a tile range that's exclusive to Redrow.

We have selected and refined the best homes from The New Heritage Collection.

The Balmoral with its portico covered entrance is rich in the design details of a bygone age, rich in craftsmanship and quality.

The Richmond offers the finest modern family living that sets the kitchen in its natural place at the heart of the home.

The Buckingham is a magnificent residence of grand proportions that provides a luxurious level of space, yet still draws the family together at its heart.

The Highgrove is a masterpiece of modern architecture, that captures charm with outstanding quality.

The Blenheim is the epitome of excellence in executive family living, providing first class space and specification.

The Sandringham is a splendid home of substance, with an unrivalled sense of character and style.

The Westminster is clearly the vision of great care and attention by leading architects and master craftsmen.
