Arborfield Green

BERKSHIRE
— A NEW GARDEN VILLAGE —

WELCOME TO ARBORFIELD GREEN

A 21ST CENTURY VILLAGE IN BERKSHIRE

Arborfield Green will combine the best of town and country living all in one place, and will be home to a vibrant, healthy new community. Teaming new woodland areas and wildlife habitats with the site's rich, established landscape and military heritage; this new neighbourhood will be a truly unique place to live.

Designed to be largely self-sufficient, you will be able to walk around the lake, wander through the country parks, and you'll also have access to a host of amenities, all on your doorstep.

Steeped in history, this area of Berkshire was originally used in 1904 as a Remount Depot, supplying the military with horses for operational use. The Depot at Arborfield Garrison remained open throughout the Second World War and since then, it has been home to a number of army technical schools and has seen an estimated 50,000 trainees complete army apprenticeships on-site.

Over a century since its inception, the Garrison is being lovingly regenerated into a new sustainable village, which will see the creation of up to 2,000 homes, schools, shops, cafés and healthcare facilities. The former horse infirmary stables and the Moat House will be beautifully restored for community use, so everyone living here will share a part of the site's heritage. With so many exciting plans for the future, Arborfield Green will be a place where everyone can flourish. Naturally.

All uses subject to detailed planning permission.

The
**NATURAL
SURROUNDINGS**

make living here special

Arborfield Green is surrounded by beautiful mature woodland and open green space. As you enter the development you'll see trees, new hedgerows and attractive avenues.

As you make your way through this new community, you'll notice public art installations, charming flowers and a mixture of existing and newly planted trees, designed to shelter the homes from each other and provide a sense of seclusion. This is the perfect place for a relaxing stroll or walking the dog. Kingsley Park at Arborfield Green has been designed with leisure in mind, with endless walkways, play areas and cycle paths amongst the beautiful Berkshire countryside you'll find it easy to entice the family away from the sofa. The development includes the impressive 14-hectare Hazebrook Meadows Country Park and Waterman's Lake, with California Country Park also within easy reach.

To help you stay fit and healthy, Kingsley Park at Arborfield Green will have its own gym and cricket pitch, as well as a number of sports pitches at the new Bohunt School. Loddon Valley Leisure Centre and Carnival Pool and Fitness Centre are both just a short drive, while golfers will enjoy a challenging round at Sand Martins or Bearwood Lakes golf courses. For sport with a difference, head to Bracknell Ski and Snowboarding Centre.

Whatever your interests, you'll want to get outside and enjoy your surroundings.

Everyday
LIFE
made easy

At Kingsley Park at Arborfield Green, everything you need is on your doorstep. Families can avoid the busy school run and commuter traffic, with new primary and secondary schools being built on-site, which will also be home to a number of sports pitches and playing fields.

The new secondary school, Bohunt School, is in exceptional £35m school buildings, very close to our new homes. For younger children, there will also be a new primary school as Kingsley Park grows. Meanwhile, primary children are well catered for with Nine Mile Ride primary, rated 'good with outstanding behaviour and leadership' by Ofsted, Farley Hill Primary, rated 'good', and the 'outstanding', and naturally over-subscribed, Finchampstead Primary. There are also a number of excellent independent schools in the area, including The Abbey School and Queen Anne's School.

As Kingsley Park at Arborfield Green grows, it will have its own shops and facilities. Your neighbourhood already has a convenience store, while nearby Wokingham has Waitrose, Morrisons and Tesco stores and Reading has all the major supermarkets.

Ahead of the building of a dedicated doctors' surgery, Swallowfield Medical Practice have created an Arborfield Branch Surgery in the village hall. Local dentists can be found at Nine Mile Ride Dental Practice.

Some of the Garrison's historic buildings will be carefully restored for community use and a grassed amphitheatre can play host to events throughout the year. There will also be a community centre, where residents can gather for seasonal celebrations.

The original Garrison Church will be a focal point, as will the beautifully landscaped lake which provides a viewing platform to gaze across the water. A variety of dog walking routes around the lakeside and Hazebrook Meadow are bound to become popular.
